How you can help us

By becoming a friend and making a regular donation to HospiceCare you will enable us to plan ahead and ensure we have the resources to deliver our services, not just today but for future generations.

My Son, George

"We can't thank HospiceCare enough for enabling George to die at home, which was his wish. We received twice-daily visits from HospiceCare's Hospice at Home team and this support continued until he died. Their Hospice at Home team became a part of our family" Eileen Adam

Our Hospice at Home team enables those at the end-of-life to die at home if that is their wish. We also provide bereavement and dementia support services. Become a **Friend** of HospiceCare and you will be able to help us support more local families like Eileen's.

£5 per month could help to keep our phone lines open to patients and families

£15 per month could help someone receive support at our weekly drop-ins at Alnwick and Berwick

£30 per month could pay for one hour, every month, of Hospice at Home end-of-life care

WAYS TO DONATE - DETAILS OVERLEAF

- Online
- Set up a Standing Order

How regular donations help HospiceCare

"I've been able to take comfort from knowing that I was able to fulfil Clive's wish to be at home to die - something that would not have been possible without the support from HospiceCare. Andrew and I want people to know that the nurses at HospiceCare are very kind, thoughtful, helpful and were there to support us in our darkest days."
